

Available now firstaid.actsafe.ca

Now it's easier than ever to assess your first aid needs and help ensure compliance with WorkSafeBC's first aid requirements.

Web Based Tool - accessible on any device, anywhere.

Six simple questions provides you with a complete, printable list of equipment and personnel required.

What previously was exhaustive and complicated to complete now takes **under a minute**.

No more deciphering tables, equipment lists and calculating hazard adjustment ratios to figure out your first aid requirements.
